1 Right across the river in ARLINGTON. Wonder if the subway gets shut down that day due to "technical " difficulties?

You can shove a toilet paper roll into a small metal coffee can food can etc. and pour 97 percent rubbing alcohol on it for a cheap makeshift warmer. 1 bottle will last about an hour, \$1 per bottle makes it more expensive and less safe than propane in the long run but easier material for a makeshift since most will be flying in.

How bout we go one further.....

The Great American Reset By We The People USA

The men who risked every thing in 1776 had no permission from anyone. They had moral permission. Right from wrong permission. They fought against tyranny to give us this great land. Understand This: Government Cannot EVER Function without the expressed consent and confidence of WE THE PEOPLE!

Therefore: Consent and Confidence may be withdrawn at anytime. It can happen en masse and one single day. Imagine what 74 plus million people can do at one time in one day. Whatever they choose.

Recommendation: On January 20, 2021, WE THE PEOPLE (74 plus million) occupy every corrupted STATE/LOCAL Legislature and Bureaucracy. We create Autonomous Zones and accept all resignations, institute transition governments and hold new elections in six months.

2 As an accomplished photographer I was planning to document this with my good gear, but I've decided that it's probably best to NOT bring anything that you don't want being broken or messed up. Just be aware that things can go sideways, so be prepared to potentially face damage to yourself, your gear, etc.
